My name is Olga. We are two in the family, my son Pavel and me.

Pavel is very fond of animals, that is why, we have one more member of the family, our pet cat Kolya.

I am a legal adviser in a big construction company, and I work hard. On week-days I don't have much time to spend with my son, however, we like to spend our week-ends together. The fact that I am very busy helps to bring up independence in Pavel.

Pavel liked to build houses with the help of bricks in his childhood and drew very well. I supported him in his activity, that is why, Pavel entered the Drawing School, the Department of Painting. Last year he took the second place in the competition "Man in the Interior" among the schoolchildren of the city of Chelyabinsk. The skills obtained at school are already used practically: this year we were repairing and redecorating our apartment, and Pavel contributed a lot to the design of our interior. I have a dream – to move to our own house one day the design of which will be made by Pavel.

My son also spends a lot of time with the computer, I have to control him so that this passion doesn't prevent him from studies.

Pavel is very keen on sports, he plays football and basketball with his friends. Pavel is a tall teenager, therefore, he plays as a forward, he makes good throws into the basket.

My son is a nice, communicative and kind boy with a good sense of humor and a reliable friend. Sometimes he can be shy, especially in the unusual environment, but he changes when he gets to know the people better.

Our family likes nature, and we spend our weekends in the vacation resort, which is situated on the banks of Uvildy Lake. Pavel likes fishing, he has a good spinning. He also likes walks in the forest or on the sandy beach. He can swim and goes to the swimming pool with pleasure.

Pavel has a strong sense of responsibility. He does different duties at home: cleans his room, washes dishes, cooks breakfast, his salads are especially good. He can do some repair works at home he can hang a shelf, etc.
